Thomas Moulton was a farm laborer living in Irchester N. H. England. He and his family were converted to the L. D. S. Church and emigrated to Utah in 1856. His son Charles was born on shipboard while they were crossing the Irish Channel. A fire on board ship destroyed much of the food supply and they were forced to a diet of sea biscuits and rice. The family had to leave a trunk of clothing in New York and a trunk of supplies in Iowa because of their inability to transport them. They were members of the ill-fated Willie Hand Cart Company. They suffered severe physical hardship because of lack of food and because of the extremely cold weather: e. g. 14 buried in a shallow common grave. Had it not been for aid sent from Salt Lake City, all would have perished. Our family left England in May, 1856 and arrived in Salt Lake City in November of the same year. After three weeks in Salt Lake City they moved to Provo where the father labored as a farmer. With his family he moved to Heber in the Spring of 1860. They helped to pioneer the Heber Valley. He built the rock home now owned by Maud Witt Campbell on 2nd North and 2nd West. He died at the home of his son John E. Moulton

THE WILLIAM MOULTON RESEARCH FOUNDATION
20 January 1970

Dear Family of William Moulton:

RESEARCH REPORT: 1969 has been our very best year for genealogical research. About eighteen months ago we joined the two sons of William, John and Thomas, into a single family organization. The cooperation of this family has really shown results.

(1) Elizabeth Draper was John's wife: We have just begun our research on this line.
(2) Esther Marsh was the first wife of Thomas: Good progress.
(3) The bulk of the descendants of William Moulton come through his son Thomas and Sarah Denton: Major advance has also been made on this Denton line.
(4) We still know nothing more about William. However, there has been good progress on the line of Sarah Horne Moulton, his wife.

Here are three NEW pedigree sheets. Since last publication of the pedigree chart, eighteen extensions have been made--all in 1969.

FAMILY GROUP SHEETS--TEMPLE WORK: This year we submitted 289 family group sheets, plus another 110 sheets under the new IBM (GIANT) system. As soon as the other ordinance work is completed, we will want personnel for NINE sealing sessions in the Temple. Please let us know of your desire to participate and we will contact you. There is no work of more importance. We do not know how rapidly this will move--because there have been literally hundreds of thousands of family group sheets submitted to the Genealogical Society in anticipation of the new GIANT program.

THE 1969 MOULTON FAMILY CATALOGUE: This is an attempt to properly list every descendant of William Moulton. This project is in its eighth year. The miracle of modern electronics makes it possible for us to communicate with 1,000 family heads (and through them to their children. Not only that, but we can tell at a glance just exactly what the position is of every one of the 4,000 descendants of William. For your convenience, a copy has been left in the Heber City Exchange, Heber, Utah, and a copy at the Genealogical Society, Salt Lake City, Utah. Please help us keep addresses current. Make sure that you and your loved ones are properly listed. If information is incomplete or incorrect, use the form given herewith--or at least follow that same format and send the necessary information to the proper branch representative below. If you have sent us complete information once, that is all that is necessary.

ECONOMICS OF OUR JOINT VENTURE: We have gone just as far and as fast as finances provided have allowed us to go. Essentially--we are broke!!! We are involved in no small thing but are more careful with the Moulton family money than we are with our own. It is quite distressing to see how the few carry the load for so many. Many put our letter away--intending to do something about it. When we met with our paid researcher the other evening we had to stop his work--and the work of his four research contacts in England--until we are able to replenish our treasury. We couldn't have done what has been done without the wonderful support which we have received but we do ask that everyone pitch in--on a continuing basis. Please contribute now and regularly.

AVAILABLE PUBLICATIONS: The following are available: Price 56¢ each or 4 for $1.00

THE MOULTON FAMILY HISTORY: This was sent out to family members when we had about 250 on the mailing list. Supply has been exhausted. It told the story of the Thomas Moulton handcart experiences. This should be updated and the story of John Moulton and Elizabeth Draper added with some emphasis of those who stayed in England. If we get sufficient requests, we can publish a worthwhile small booklet for about $3.00 per copy. Verda Hicken has done a great deal of work along this line. MAY WE HAVE VOLUNTEERS FOR ADDITIONAL HELP???

****** ****** ****** ****** ******

THE MOULTON FAMILY REUNION: Stamps alone for mailing to this family cost us $60. So--don't be sure that you will be told again. The date: AUGUST 22nd. The time: 12:00 NOON. The place: MOUNTAIN SPA--Heber, Utah. BRING THE CHILDREN. Let them know about your Moulton heritage. Ice cream and punch furnished. We have decided to weight the committee in favor of the college crowd this year. Two of the members are college students. It's their ball--and we hope they will run with it.

A SPARE THOUGHT OR TWO: About five years ago we went to a viewing of one of the family. His daughter had been raised in the Northwest. She had received a copy of the Moulton history. Her reaction was good pay for many hours of work. "I just didn't realize what a heritage we have--what great sacrifices have been made for our generation." Do your children know of their heritage???

It has been indeed gratifying to see how many of the descendants of William have remained true to their testimony of the gospel of Jesus Christ. Joseph Smith repeatedly emphasized the importance of seeking after our kindred dead. May we express our testimony: God does live. Jesus is His Son. David O. McKay is a prophet of God. With all humility, we ask that the good Lord bless and keep each of you.
